Health New Zealand

· Dashboard / Understanding your Dashboard

(A definition of the terms used in this guide can be found in the Key Terms at the end of this document)

NOTE: The screenshots for the dashboard have been set up with test data so this view does not show the full capabilities e.g., the Capacity heat map is all green at this stage, but this will change as more data from all over the motu is added.

Understanding your dashboard

Using the Student Placements dashboard, you can get a live overview of national requirements and capacity for health student placements by profession.

You can also drill-down into geographical areas to view lists of indicative requirements published by education providers and placement offers published by health providers.

Overview by hu	mpers	
Planning phase		
Days required	Days offered	Indicative capacity
6905	2592	-4313

· 'Days required' represents the total number of placement days required by students, as indicated by education providers.

- Days offered' represents the total number of placement days contained in placement offer periods published by health providers (based off a 5-day week) - multiplied by the maximum number of students health providers can accommodate at any given time within the offer period.
- · Indicative capacity' represents the difference between 'days required' and 'days offered'.

Liaise & match phase		
Days offered	Days taken	Days available
21500	20000	1500

'Days taken' represents the total number of placement days requested by education providers and approved by health providers.
'Days available' represents the difference between 'days offered' and 'days taken'.

These values are also displayed visually in the bar graphs 'Requirements and Offers' and 'Offers and Availability'.

Geographic areas

Area	# Required	# Offers	# Taken	# Available

The Dashboard is made up of seven different sections

- 1: Liaise and match Health provider supplied information
- 2: Planning phase Education provider supplier information
- 3: Filter by Ability to filter by profession
- 4: Filter by Start date / End date

NOTE: Filters can be used together or independently

- 5: Capacity by geographical area offers and requirement by geographical area displayed numerically
- 6: Requirements and offers Information displayed in graphs

7: Capacity heat map – required vs. available placements by area overlayed on a map of New Zealand (red/orange/green)v

The view can be filtered by **Profession**.

Once the profession/s are selected, the details displayed in all other areas will reflect the choice/s made

The view can also be filtered by **Start** and **End** dates.

As with Profession, once the dates are selected, the details displayed in all other areas will reflect the choices made

You can select either both start and end date, or each of these individually to suit your needs

A graph like the following will appear, with the actual numbers used in the graphs displayed in the bottom-left corner

Glossary of Terms

Definition of terms used in this how-to guide:

Keyterms	Definitions		
Days available	The difference between 'days offered' and 'days taken'.		
Days required	Represents the total number of placement days required by students, as indicated by education providers		
Days offered	Represents the total number of placement days contained in placement offer details published by health providers (based off a 5-day week) – multiplied by the maximum number of students health providers can accommodate at any given time within the offer period.		
Days taken	The total number of placement days requested by education providers and approved by health providers		
ID Codes	EPD-000000 – Placement periods required EPR-000000 – Indicative requirements SPO-000000 – Expressions of interest POD-000000 – Placement offer details ERQ-000000 – Placement offer requests		
Indicative capacity	Represents the difference between 'days required' and 'days offered.'		
Profession	This means the area of health the person will be training in e.g. physiotherapy.
